What is Class Charts for parents?

Depending on how your school has set up our system, you will be able to use Class Charts to keep track of your child's behaviour, view attendance records, access their weekly timetable, view assigned homework tasks, track scheduled detentions, create wellbeing submissions and view announcements from their school.

If you have more than one child, you can access Class Charts information about your children from a single, centralised parent account.

Class Charts for parents can be accessed via our website, or through our iOS and Android apps.

You should have received a Parent code from your school, which will look similar to the example code shown on the right.

This code is used to set up your Class Charts parent account, which is covered on the next page.
Signing up to Class Charts

1. Select **Sign up** from the main page and fill in the form provided. Enter your **parent code** into the **Access code** field.

   **Please note:** Your Access Code is not the same as your password. The access code is only needed for the initial sign up.

2. Click on the **Sign up** button below the form.

3. Confirm the pupil's date of birth when prompted. Click on the **Date of Birth** field and use the date picker to enter the correct date.

4. A **confirmation message** will appear, indicating that the sign up process is complete. **Verify** your email address to continue.
Behaviour

If your school has decided to share behaviour information with parents, you will see the Behaviour tab when viewing pupils from that school.

Selecting this tab will display multiple graphs which represent an overview of your child’s achievement and behaviour data within a customisable timeframe.

By default, the displayed date range is 31 days. To view a different range of behaviour data, click on the Date button to select from the available presets or create your own custom date range.

Below these graphs you can find a list of behaviour activity relating to your child. These display the behaviour that was awarded, when it was awarded, who awarded the behaviour, the lesson the behaviour was awarded in, and how many points the award is worth.

The level of detail within each behaviour award depends on the settings that your school has enabled.
Awarding behaviour

If your school has decided to allow parents to award behaviour, you will see the Award behaviour tab when viewing pupils from that school.

Selecting this tab will display a list of behaviour types that your school has shared with you.

To award a behaviour to your child, click on the behaviour type of your choice. Once you have confirmed your choice, a green banner will appear to inform you that the behaviour has been successfully awarded.

If a behaviour type appears greyed out, it means you have reached the daily limit for awarding that behaviour. The daily limit for each behaviour type is decided by your school.
